

Mission statement

Welcome to Sevenoaks Day Nursery. As a Charity we pride ourselves on our connection with people in our community, big and small.

A wide spectrum of people has passed through our doors through the years.

We believe that this is a home from home, where the children feel safe, cared for and treated as the unique child that they are.

We all respect each other for who we are and for what we contribute to our small community at the Nursery and the bigger world.

The children are given the chance and opportunity to play and explore in a safe learning environment, helping to providing the best start for their life's journey and development.

Our aim at Sevenoaks Day Nursery is to support our children to be happy, confident, social and creative. To explore the world around them, so that we can help and enable them to make a smooth transition from Nursery to 'Big School'.

Whilst our focus is primarily on the children, we also aim to help the families in our community. Life can throw all sorts of hardship at us including ill-health, disability, employment and financial issues and, by our flexible approach to childcare, where we can, we try to help and support the whole family.

We are here for you!

Our doors are always open for parents or carers who may wish to discuss any concerns or worries they may have about their child.

We hope that all the children and their parents and carers will always remember us with happy thoughts, as we will remember them.
